

Healthy Smiles for Tots & Teens

Through our Healthy Smiles for Tots & Teens program, we serve as a dental home to more than 3,400 area children annually. Youth are enrolled as early as birth, with the first appointment recommended by age one, and are treated through age 18. All children served receive preventative and restorative dental care, as well as oral health education.

Eligibility Requirements

- Have BadgerCare/Forward Health/Medicaid insurance OR are uninsured and have income that falls below 200% of the Federal Poverty Guidelines.
- Reside in Milwaukee County, Ozaukee County, Waukesha County or Washington County.
- Age 0-18.
